

ABDULMAJID ADEKUNLE YUSUF

Customer Support & Manual QA Specialist | Technical & Product Support

Abuja, Nigeria • 08066105917 / 08050203426 • adekunlex93@gmail.com

PROFESSIONAL SUMMARY

Detail-oriented Customer Support and Manual QA Specialist with hands-on experience supporting software and web-based platforms, investigating customer issues, testing applications, identifying defects, and coordinating with technical teams to resolve problems. Experienced in functional and regression testing, defect reporting, troubleshooting, customer communication, ticket handling, and documenting technical issues clearly. Familiar with software and membership platforms including RiverCMS, RiverCRM, RiverCPD, and Member-Based Systems. Also developing practical technical skills across Linux, Git/GitHub, Docker, PostgreSQL, Redis, web application security, and DevSecOps, with experience using AI tools to support research, documentation, troubleshooting, test-case development, and productivity. Known for attention to detail, clear communication, problem-solving, and the ability to work effectively between customers, support teams, QA teams, and developers.
